

Weak and Miserable?

Does the least exertion tire you out? Feel "blue" and worried and have daily backache, lameness, headaches, dizziness, and kidney irregularities? Sick kidneys are often to blame for this unhappy state. You must act quickly to prevent more serious trouble. Use **Doan's Kidney Pills**, the remedy recommended everywhere by grateful users. Ask your neighbor!

A Florida Case

Mrs. Ida B. Atwell, 604 William St., Key West, Fla., says: "I suffered dreadfully with my kidneys and my body bloated. Many times I would have to go to bed. Flashes of light appeared before my eyes, blurring my sight and I had dizzy spells. I was discouraged when I was advised to try Doan's Kidney Pills. The first few brought wonderful relief and before long I was cured."

TENNESSEE STATE ITEMS

Knoxville.—Luther Loveday, charged with the murder of Grant McMahon, was exonerated by the jury at a trial in circuit court at Dandridge. The case came before Judge Drinnon.

Knoxville.—About \$16,000 is expected to be available for the east Tennessee division fair under the bill passed by the legislature. J. L. Deaver, president of the fair, estimates the total to be derived in the state by the act at about \$100,000.

Winchester.—Details of an affray which occurred in the mountains on the line between Franklin and Grundy counties in which George Westerfield was killed and a man named Meeks was wounded, reached here. The trouble is thought to have been a sequel to raids on moonshiners in that section.

Chattanooga.—Bishop H. J. Mikell and Bishop Coadjutor William Mercer Green of Mississippi were guests of honor at the regular dinner of the Men's Service League of St. Paul's church. Dr. A. F. Sheldon, noted educator, who is here delivering a series of lectures, delivered the principal address of the evening.

Knoxville.—Rev. J. Stewart French, president of Emory and Henry and Martha Washington colleges, and the Rev. Royal A. Simonds of Knoxville have been signally honored by their respective colleges of bishops in their selection as delegates to the ecumenical council of Methodism which will be held in London in September.

Memphis.—If the plans for extending and improving the water system of this city are adopted and carried out, as indicated in the report of the chairman of the department, river water will be used for fire fighting purposes in the downtown district. The suggestion that some of it be used for household purposes has been rejected.

Lewisburg.—A committee having in charge the soliciting of funds for the erection of a new dormitory for Price-Webb school to replace the one recently destroyed by fire, has been successful and it is assured that the work of building a modern dormitory and gymnasium for the school to cost \$25,000 will in the near future begin on the one burned.

Chattanooga.—The mass meeting in the interest of the proposed levee as a protection against future floods to be held here is attracting a good deal of interest and a large attendance of taxpayers is expected. Maj. A. L. Dabney of Memphis, one of the engineers who made the levee survey, has promised to attend the meeting and explain details of proposed project.

Columbi.—The grand jury has completed its work for the term and adjourned without returning an indictment against George Shaw, aged 18, of Fort Worth, Texas, student of the Branham and Hughes Military Academy, who confessed that he, together with Jack Chandler of Louisville, had attempted to burn one of the school dormitories when they learned that school authorities were not to give Easter holidays.

Knoxville.—From 30 to 37 men will be laid off at the Southern Railway Co. shops. The order affects the locomotive and general repair shops. It is the result of an appropriation for operation of Coaster shops being slashed. Prevailing rules of seniority will maintain in the reduction of the force. The reduction is the fifth within a year, and has reduced the force employed there during war days from approximately 2,000 to less than 700 men.

Lewisburg.—Citizens of Cornersville and community are considerably agitated over the prospects for striking oil in that section. The Buffalo Oil & Gas Co. has recently secured option on lands in the Cornersville section and has put up machinery for operations and are now drilling on the Haywood farm. Oil prospects in that section as well as other sections of the county have long been considered inviting, and if the present experiment proves successful it will be followed by other operations.

Dresden.—A state fire marshal from Dresden, after visiting Dresden this week and after an investigation gave notice that upon his return to Nashville he would issue a written order condemning and ordering the removal of the old frame building situated on the northwest corner of the square within thirty days from date of notice. This building was until recently occupied by Thomason & Thomason as a law office. It is one of the oldest buildings in the town and one of just two frames situated directly upon the public square.

Memphis.—The first cut in apartment house rents has been announced here, but owners of others announce that they contemplate no changes. The reduction announced is \$15 and \$20 on each apartment.

Camden.—Reports from all sections of Benton county are to the effect that all kinds of fruit were killed by the recent cold wave. There was the finest prospects for a fruit crop in Benton county that was ever known. Not only was all the fruit killed, but all kinds of early garden vegetables.

CHANGE UNLIKELY ON GERMAN PEACE

UNAVOIDABLE DISCUSSION MENACE TO MORAL EFFECT OF SUPPORTING FRANCE

CONFERENCE NOT PUBLISHED

Republican Leaders Believe Harding Will Not Approve Any Change in Resolution

Washington.—Without subjecting it to prolonged and bitter discussion—and thus greatly lessening its intended moral effect—administration leaders cannot obtain the adoption of the Knox peace resolution so amended as to reassure France concerning the future attitude of this country. Therefore, adoption of the resolution in essentially the same form as reported by the senate foreign relations committee last session is practically assured. Any effort to affix to it a declaration of continued support of the allies or of the French, designed to impress Germany and hearten France, will meet with instant opposition by the so-called irreconcilables.

These senators do not believe, in spite of repeated reports, that President Harding has any idea of suggesting such an addition to the Knox resolution. They point out that he opposed, when in the senate, a similar attempt to fasten onto the peace resolution a declaration of future policy toward Europe.

Silence has been maintained both at the white house and at the senator's office concerning the course taken in the two hour conversation between the president and Senator Knox recently, but there is reason to believe it had to do rather with the exact time when the resolution's adoption should be attempted, rather than with any suggestion that the resolution be modified.

The senate is ready to pass the original resolution again as soon as it meets. But, since it is anticipated that the administration will make some sort of pronouncement—probably through the state department—furnishing the encouragement that Viviani is seeking, and since there are certain other diplomatic negotiations under way, including those on cables, for example, Senator Knox is not desirous of embarrassing the president's program. His own desire is to have the resolution adopted at once, but he is prepared to fit it in with the general program.

Senator Borah, one of the most active of the irreconcilables, denied recently that he had any thought of opposing the Knox resolution.

"I am thoroughly in favor of it as it passed last session," he said. "I opposed then the interpolation of any phrase or clause that undertook to declare our future policy. Such a clause was taken out of the resolution, on my motion, in committee."

Madame Curie Guest of President Washington.—President and Mrs. Harding will receive Madame Curie in the White House on May 20 and present her with a gramme of radium valued at \$100,000 in behalf of women of America, who have contributed to a fund for this purpose in recognition of her scientific services, particularly in the discovery of radium. Officers and members of the woman's committee which has proved for the purchase, will be present at that time, it was announced Thursday.

125 Passengers Saved After Collision Seattle, Wash.—Three boat loads of passengers from the steamer Governor, which was sunk recently in a collision with the freighter, West Hartland, near Port Townsend, Wash., started for shore after the wreck, according to wireless messages received from Captain John Alwyn, of the West Hartland. Later advices from Port Townsend said no passengers from the lost vessel were known to have landed there.

Three U. S. Sailors Reported Shot Galveston, Texas.—Three American sailors of an American merchant ship are reported to have been shot in Tampico, March 19, presumably by Mexican customs guards, as they were attempting to return to their ship, according to Capt. W. A. McGinn of the steamer Antietam, which arrived here from Tampico.

Coal Strike Expected To Be Short

Washington.—Duration of the British coal miners' strike is expected to be short, according to the best opinion in England, Commercial Attache Dennis at London advised the department of commerce recently. Funds of the miners' federation are low, the message said, adding that the strike is not supported by public opinion. Certain British exporters are reported to be negotiating for American coal to fill contracts in the continental markets, Mr. Dennis said.

Four Are Appointed By Harding

Washington.—The appointment of Charles H. Burke, of Pierre, S. D., a business man and former chairman of the house Indian committee, was announced by President Harding recently, as commissioner of Indian affairs. The president also appointed George H. Carter, of Iowa, to be public printer, and Thomas Robertson of Maryland, commissioner of patents. Captain William A. Moffett, of the navy, was appointed a member of the advisory committee for aeronautics.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(© 1921, Western Newspaper Union.)

LESSON FOR APRIL 10

BIBLE TEACHINGS ABOUT THE CHRISTIAN'S BODY (HEALTH).

LESSON TEXT—I Cor. 6: 19, 20; 9:24-27; Gal. 6: 7, 8.

GOLDEN TEXT—Every man that striveth for the mastery is temperate in all things.—I Cor. 9: 25.

REFERENCE MATERIAL—Prov. 24: 26; Isa. 28: 1-8; Gal. 5: 19-21.

PRIMARY TOPIC—Taking Care of Our Bodies.
JUNIOR TOPIC—Growing Strong.
INTERMEDIATE AND SENIOR TOPIC—The Value of Health.
YOUNG PEOPLE AND ADULT TOPIC—Public Health Problems.

The teachings of this lesson have an important bearing upon physical health, but the primary reference is moral. The sin with which Paul was dealing was fornication, not matters of hygiene. That physical health may be included we do not question, but sad and serious will be the blunder if that only is taught.

I.—Glorifying God in Your Body (I Cor. 6: 19, 20).

It should be noted that the last clause of verse 20 is omitted in the Revised Version and the best manuscripts. The conclusion of Paul's argument is, "therefore glorify God in your body."

1. The Christian's body is the temple of the Holy Ghost (v. 19). God's dwelling place on earth is now the redeemed human body instead of the temple at Jerusalem. If the sinless Spirit is to dwell in the body it must be kept clean. To defile or abuse the body in any way is to insult the Spirit and commit the most awful sacrilege. This truth apprehended solves forever the problem of licentiousness, gluttony, use of tobacco, the abuse or neglect of the body in any way whatsoever.

2. The Christian's body is God's property (v. 19). Being God's temple, the proprietary right is in God and not man. Being the property of the Lord, the Christian's motto is, "Whether therefore ye eat or drink, or whatsoever ye do, do all to the glory of God (I Cor. 10: 31). 'Holiness unto the Lord' ought to be written over our bodies."

3. The Christian's body has been bought with a price (v. 20). The price paid to redeem the body was the precious blood of Christ (I Peter 1: 18, 19). We estimate things by what they cost. When we estimate our bodies in that light we will be very jealous of their purity. Guarding our health is part of our religion.

II.—Keeping the Body Under Control (I Cor. 9: 24-27).

The Christian's life is more than mere existence, there is something to do—life accomplished.

1. It is a race (vv. 24, 25). In order to win a prize there must be self-denial and definite exertion. The Christian obtains life by contact with Jesus Christ through faith (John 3: 16; 3: 36; 5: 24). This he possesses before he can begin the race. While he gets salvation (life) at the beginning, God places before him definite rewards as incentives to exertion. The Christian believes to get life, but works for rewards. In the Olympic games only one could hope to get the prize, but in the Christian race there is a reward waiting for every one who disciplines himself and runs. As the racer in these games mastered his desires and abstained from everything which might hinder him to win the prize, so the Christian will make any sacrifice to win. The prize in the Grecian games was corruptible, but the prize of the Christian is incorruptible. If the heathen would practice such self-denial regardless of its pain for a garland of pine leaves, shall not the Christian turn from bodily indulgences of every kind so as to obtain the crown of righteousness which fadeth not away?

2. It is a fight (vv. 26, 27). The Christian's efforts are not mere beatings of the air. He has a real antagonist. His fight is not a sham conflict. He should exert himself with all his energy, and strike to hit his enemy. In order to win success the body must be kept under. In this case the antagonist is the body. It should be so dealt with as to bring it under subjection. All the evil propensities of his nature should be brought under control.

III.—Reaping What You Sow (Gal. 6: 7, 8).

God has established a law in the world that whatsoever a man sows that shall he also reap. To go on sowing with the expectation of not reaping is to mock God. The world is full of examples of those who thus mocked Him. This text has primary reference to giving to the support of ministers of the gospel; its real bearing is upon the believer for his stinginess rather than upon the sinner for his meanness, but it has a bearing on all that we do.

Very Sure of God.

The shepherds and the Wise Men came away from Bethlehem very sure of God. They had not been believers or atheists, but the sight of the little Jesus brought to them a fresh and mighty consciousness of God's continual presence. Even the anticipation of God's coming in Jesus put a new song on the lips of Zachariah and Mary, and one sight of the Child was enough to open all the fountains of gratitude in the heart of the aged Simeon.—Congregationalist and Advance.

Thousands Have Kidney Trouble and Never Suspect It
Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.
